

Wound healing: Role of commercial fibrin sealants.

Authors: Amrani D.L., Diorio J.P., Delmotte Y.

Publication Date: 2001

Abstract:

This paper focuses on the use of commercial fibrin sealant (FS) in specific wound healing applications. This review is not intended to be all inclusive, but to examine in vitro and in vivo models, as well as select clinical conditions that are representative of specific wound healing applications of FS.
